NPDO Project

Moray Schools NPDO Project

FES FM are delighted to announce the Financial Close of this exciting NPDO Project.

Working as part of the InPP team, alongside Amber, Aedas, SMG and Aviva, FES FM are preparing to commence the delivery of a wide range of hard and soft FM services to two state of the art schools for the Moray Council.

Elgin Academy is a “showpiece” educational facility, providing the full spectrum of secondary education alongside extensive community and sporting facilities, whilst Keith Primary enhances the primary and early years facilities within Keith, sharing a site with Keith Grammar School and the local leisure centre.

FES FM will provide their full range of hard and soft FM services to support the Project Schools for 30 years, and also embrace the lifecycle aspects of the project to ensure the benefit of these facilities to the local communities can be realised for current and future generations.

This interesting scheme helps strengthen FES FM’s existing high visibility in the PFi / PPP marketplace and adds to the significant portfolio of educational facilities supported by the Company across the UK.

FES FM Business Director, David Smith “FES FM are excited to be a part of this project to help support the Moray Council in its educational aspirations for the people of Moray, and look forward to having a positive impact upon the local communities and their aspirations.”
